

IN THE TITLE

Please change the title from [MULTILAYER ELECTRODE STRUCTURE AND METHOD FOR FORMING MULTILAYER ELECTRODE STRUCTURE FOR A FLAT PANEL DISPLAY DEVICE] to --STRUCTURE AND METHOD FOR FORMING A MULTILAYER ELECTRODE FOR A FLAT PANEL DISPLAY DEVICE--.

IN THE ABSTRACT

Please replace the abstract, as follows: --A structure for a multilayer electrode. Specifically, in one embodiment, a multilayer electrode for a flat panel display device is disclosed. The multilayer electrode comprises a metal alloy layer and a protective layer. The metal alloy layer includes neodymium having a concentration of between greater than three atomic percent and six atomic percent. The protective layer is disposed above the metal alloy layer to form a multilayer stack. The multilayer stack is etched to form the multilayer electrode.--
